

Privacy Policy

2093319 Ontario Ltd. operating as www.mygamesheet.com and/or MyGameSheet and/or Asian Hockey Championship and/or Safe & Fun League and/or Changr Sports (the "Owner"), as the Owner and operator of this website www.mygamesheet.com (the "Site") is committed to the proper management of the personal information of clients and others, and of all visitors to the Site that we collect, use and disclose in the course of business.

The practices set out in this privacy policy (the "Policy") seek to balance the individual's right to the privacy of his or her personal information and the Owner's need to collect, use or disclose personal information for legitimate business purposes in Canada.

Controlling the collection, use and disclosure of personal information is an ongoing process. We will continue to review our personal information management practices and improve them as necessary to better protect the privacy of individuals.

Your Consent. By providing us with your personal information, you consent to the collection, use and disclosure of that information as described in this Policy.

We will not, as a condition of supplying a product or service, require you to consent to the collection, use or disclosure of your personal information beyond that required to enable us to provide the products or services requested. The form of the consent that we will seek before collecting, using or disclosing personal information may vary depending upon the circumstances and the type of information, and includes express oral or written consent, implied consent and opt-out consent. We will consider the sensitivity of the information and the individual's reasonable expectations in determining how consent must be given.

You may refuse to give personal information and may, subject to legal or contractual restrictions and reasonable notice, withdraw consent at any time to the continued use and disclosure of personal information previously collected. The period of reasonable notice will vary depending on the nature of the information and its purpose.

Internet Server Provider. Certain other information may be collected on the Site through various technologies, described below, without your actively providing the information.

Our website is hosted on servers shared with an Internet service provider (ISP). Any personal information collected on our behalf by the ISP, such as server log data (see below), is managed in accordance with this Policy and is protected by applicable law.

Certain information about Internet users' traffic patterns is passively and automatically collected and linked to users' Internet Protocol ("IP") addresses. These unique IP addresses are assigned to all Web users by their ISPs, and are automatically logged by Internet servers. While the IP address itself does not identify an individual, it may, in appropriate circumstances such as an investigation of a security breach, be used with the cooperation of the ISP to locate and identify an individual using the website.

Server Logs. In the normal course of establishing and maintaining Internet connections, our servers automatically log information about visits to our website. Server logs record statistical information, such as a visitor's IP address and type of operating system, the time and duration of visit and Web pages requested. The server logs also identify categories of visitors by items such

as domain and browser type. These statistics are reported in aggregate form to us and are used to improve our website and ensure that it provides the optimal online experience for visitors.

We do not link server log information to any other data in a way that would enable us to identify individual visitors, except for security purposes, as discussed above.

Cookies. Like many other websites, our Site makes use of “per session” cookie technology. Per session cookies are small text files that contain a unique identification number that is automatically deposited on a visitor’s computer. These cookies track information during an open session and are stored only temporarily in your computer’s memory. This information helps us determine the total number of visitors to the Site on an ongoing basis and the types of Internet browsers (e.g., Netscape Navigator or Internet Explorer) and operating systems (e.g., Windows or Macintosh) that our visitors use. We use this information to facilitate and enhance your online visits. We do not cross-reference this information with any type of personal information that is voluntarily offered through the Site.

The use of cookie technology is common on the Internet, and many Internet browsers are initially set to accept cookies automatically. If you would prefer not to accept cookies, you can set your Internet browser to notify you when your computer is receiving a cookie or to refuse cookies automatically. To readjust your Internet browser’s cookie options, please refer to the instruction documentation of your particular browser or seek online assistance.

Links to Other Websites. The Site may contain links to other websites. While we try to link only to websites that share our standards and respect for privacy, we are not responsible for the content or privacy practices of other websites. We strongly encourage all Site visitors to review the privacy statements and policies of all external websites.

Changes to This Policy. We may amend this Policy at any time. We will post the Policy as amended on our website.
